Contents of this Document

This draft of the FY19 Budget is intended as a working document that will evolve into a basis for our public hearing and is written in a way that will allow for easier understanding of the district's proposals while retaining important aspects of our internal budgeting scheme.

It should be noted that the FY18 revised figures were determined on April 30, 2018. Changes to these amounts can take place throughout the year, but no further changes will be made to the FY18 figures in this document.

Vision Statement

To produce the Nation's best!

Mission Statement

To maximize academic achievement and personal growth to enable all students to compete in the global economy.

District Goals

The following goals are a guide to us in our work as a school district.

All students will:

- Respond in a variety of communication modes to both content and form.
- Engage in analytical discourse across content areas as applied to each other's ideas and collaborate to create understanding.
- Produce solutions to real world challenges through investigation, experimentation and innovation.
- Take risks, make mistakes, persevere, and adapt in a safe learning environment.

All of this will be supported by a robust learning environment taking advantage of the latest technology.

MUNIS Accounting System

Much of the financial data presented in this report is referenced by an account number that identifies the expense category. In the district’s MUNIS accounting system, accounts are identified through a combination of four codes. For example, first grade classroom teachers at the Ayers Elementary School are budgeted in the following account:

Cost Center Funding

Our accounting system is distributed across fourteen cost centers.

Budgets for individual schools account for all salaries for employees assigned to that building as well as all operating costs, i.e., building budgets (programs) and facilities (utilities and supplies). For those employees who work in two buildings, salaries are apportioned to the specific buildings. All changes in staffing are explained later in this document with the presentation of each school’s budget.

The McKeown School (MK) is the home of the Pre-School Programs and the District Administration offices.

Administration (AD) expenses reflect salaries and operational costs for all district-wide (non-instructional) personnel.

Buildings & Grounds (BG) includes expenses for capital improvements and for care and maintenance of all our facilities and grounds, with the exception that building custodians and custodial supplies for individual buildings are included in the school budgets.

Non-Instructional Services (NI) include such expenses as regular education transportation, traffic supervisors, child welfare services, and health services.

Other Instruction (OT) includes a wide array of services and other support for instruction. Broad categories include itinerant instructional personnel, curriculum development, professional development, technology, fine arts, elementary enrichment, substitutes, and employee benefits. Health insurance costs represent the greatest majority of this category. Other expenses for employee benefits include funds reserved for column moves, negotiations, FICA, unemployment, and a matching 403b program.

Special Education (SP) expenses reflect district-wide expenses only, including salaries, transportation, and other operational costs. Salaries for special education personnel assigned to school buildings are included in the school budgets.

FY18 Original Appropriation and Revised Budget

The School Committee approved a budget for FY18 in the amount of \$55,141,372. The revised budget reflects budget transfers made to the current fiscal year budget through April 30, 2018.

Class Size and Staffing Issues

Throughout the budget development cycle and even into the summer, enrollment projections are periodically updated and monitored by the administration. Significant changes in student enrollments may affect staffing at any point during that period. Since 2005-06, the School Committee has set as recommended guidelines 25 students in grades 1 and 2 and 30 students in grades 3 through 12. Kindergarten enrollments are usually targeted at 22 students. Preschool and district level programs have class sizes that are determined by state Special Education requirements.

As elementary enrollments vary over the years, the number of teachers for a particular grade in a school can increase or decrease as administrators seek the proper class sizes. It is not unusual for one grade or school to need an additional teacher and another grade or school to need one fewer teacher; thus no overall increase in staffing would be required.

Experience has shown that grade level enrollments can increase or decrease right through the summer months. Rather than add new staff prematurely, such situations are monitored through the summer, at which time a decision is made whether or not to add staff to solve a class size problem.

Budget Highlights

The FY19 Budget contains changes in staffing, operating budgets, programs and revenues. These changes are reflected below. The changes in staffing result in a total increase of 15.4 full-time equivalents (FTE).

A. Positions/Adjustments

1. At the district Admin level (effective FTE change = +1.0)
 - Add 1.0 Asst. Special Education Director)
2. At the elementary level (effective FTE change = -19.0)
 - Fifth grade teachers moving to Middle School
 - Ayers Special Education Teacher moving to Middle School
 - Reduce 4th grade at Centerville
 - Increase Special Education Teacher at Cove
 - Increase 4th grade at Hannah
 - Reduce 3rd grade at Hannah
 - Reduce 4th grade at North Beverly
3. At the middle school (effective FTE change = +36.0)
 - Fifth grade teachers moving from Elementary Schools
 - Special Education moving from Ayers
 - Increase Assistant Principal (Swap)
 - Increase 4 Special Education Teachers
 - Increase 1 Clerical Staff
 - Increase 2 Custodial Staff
 - Increase 2 Foreign Language Teachers
 - Increase 1 Wellness Teacher
 - Increase 1 STEM Teachers
 - Increase 1 Music Teacher
 - Increase 1 Art Teacher
 - Increase 1 English Language Learners Teacher
 - Reduce 1 Reading Teacher
 - Increase 1 School Adjustment Counselor
 - Increase 1 School Nurse /Reduction of 1 LPN
 - Increase 5 Cafeteria Workers
4. At the high school: (effective FTE change = No change)
 - Increase Special Education Teacher
 - Reduce Job Coach Launch Program
5. Districtwide positions (effective FTE change = -2.6)
 - Increased 1 ELL teacher districtwide
 - Decrease 7.6 Paraprofessionals
 - Increase 2 Bus Drivers
 - Increase 2 Crossing Guards

B. Operating Budgets

- School operating budgets are level funded for FY19 based on enrollments
- Health Insurance rates are projected at 1% increase. Also increased for new positions
- Steps and Columns are budgeted in the Admin Salary Contingency account
- Increase Special Education Tuition and Contracted Services
- Increase Buildings & Grounds accounts
- Increase Transportation accounts

C. Program

- Kindergarten Tuition was reduced in FY18 10%

D. Revenue

- Plan for an increase in the General Fund Revenue from the City of \$2,463,362
- Projecting a 68% level of reimbursements for the Circuit Breaker program.
- School choice revenue based on current choice enrollment.

Revolving Accounts

We show revenue and expenses related to all revolving accounts separately from the district budget. Revolving accounts are separate funds with their own revenue streams which are used to pay for expenses related to the particular funds. For example, rather than have Music tuition revenue count as revenue towards the district budget, salaries for Music teachers are to be paid out of the Music Revolving Account, which uses Music tuitions as revenue. A total of \$4,749,813 of expenses is paid from revolving accounts.

We are required by statute to have a balanced budget. The MUNIS budgets shown in this report identify these transfers of expense to revolving accounts, and a summary of revolving accounts begins on page 35.

Circuit Breaker

The state's special education reimbursement program (Circuit Breaker) was enacted into law in FY2000 and first implemented in FY04. The program reimburses school districts for high cost special needs students. School districts are eligible for reimbursements for students whose programs cost greater than four times the statewide foundation budget (\$44,106 in FY18). By law, districts are to be reimbursed for 75% of the costs above four times the statewide foundation budget, subject to appropriation.

Expenses in Special Education Tuition Out accounts are difficult to predict. Circuit Breaker is a state funding program that helps us to pay extraordinary tuitions for special education students. Circuit Breaker was funded at 68% in FY18. This budget projects Circuit Breaker will be funded at 68% for the FY19 budget. The circuit breaker percentage is finalized in the legislative budget process.

General Fund

General Fund revenues are those local and state funds annually directed to operate the schools of our City (City Contribution & Chapter 70). The additional city contribution is \$2,463,362 over the FY18 approved budget.

- SP 640 Specialized materials required by IEP's.
- SP 710 This account provides substitutes for professional development within the department.
- SP 860 62665 The district requires the services of an attorney with expertise in special education law.
- 62910 Tuition for Collaborative programs. This account is offset by Circuit Breaker (CB); the state reimburses the district for extraordinary tuition costs above four times foundation (\$44,106). This budget projects CB at 68% which will generate \$1,738,911 for FY19.
- 62915 Tuition for private day programs.
- 62920 Provides for contracted evaluations.
- 62925 Tuition for private residential programs.
- 62935 A summer program is provided for students whose IEP needs must be met during the summer in addition to the school year.
- 62960 A variety of services are provided through this account, including such things as specialized speech, specialized therapies, nursing, BCBA, augmentable communication, and Soundworks.
- SP 880 Specialized curriculum-related equipment is sometimes required by IEP's.

Revolving Accounts

Revolving accounts are separate funds with their own revenue source which are used to pay for expenses related to the particular funds. The total offset amount for all revolving accounts is \$4,749,813. The following charts identify each revolving account, the anticipated amount to be used, and the expenses which are offset to the FY19 budget.

- a. The state's special education reimbursement program (Circuit Breaker) reimburses school districts for high cost special needs students. School districts are eligible for reimbursements for students whose programs cost greater than four times the statewide foundation budget (\$44,106 in FY18). By law, districts are to be reimbursed for 75% of the costs above four times the statewide foundation budget, subject to appropriation.
- b. When a special education student is placed in a group home here in Beverly and attends one of our public schools, we bill the community in which the parent resides for the cost of the special education services.
- c. The School Choice program allows parents to send their children to schools in communities other than the city or town in which they reside. For students who choose to attend Beverly schools, tuition is paid by the sending district to the Beverly Public Schools. For Beverly students who choose to attend school in other districts, tuition is paid by the City of Beverly to the receiving district. Thus, School Choice is only shown as revenue for the district, while it appears as an expense in the City's budget. Districts may elect not to enroll School Choice students if no space is available. Beverly School Committee yearly votes to establish a cap which at present is 10 students per grade 1-8 and 15 students per grade 9-12.
- d. The district's Preschool program; sometimes referred to as Pre-K, serves three and four-year-old students in a learning environment that includes both regular and special education students. Peers in the Preschool program are charged tuition, annually set by the School Committee.

- e. The district offers a combination of full- and half-day kindergarten classes. Tuition is assessed for participation in full-day kindergarten. Tuition for full-day kindergarten is set by the School Committee based on the guidelines by the Massachusetts Department of Elementary and Secondary Education (DESE).
- f. Middle and high school athletes are assessed user fees for each sport in which they participate. The revenue from these fees help offset the cost of our athletic program and allows us to retain the variety of sports that we have. Revenues from gate receipts are deposited into the Athletic Revolving Account and are used for athletic operating expenses.
- g. The Elementary Instrumental Music Program allows participating students in grades 3 and 4 to receive small group instruction in either band or string instruments, with opportunities to play in district-wide musical programs. Students are pulled out of their regular classroom to receive this instruction, and parents are charged a fee for this elective program.
- h. Students who wish to park their vehicles in the Beverly High School lot are assessed an annual parking fee.

- i. Fees of \$315 per student and \$630 per family are assessed to those students in grades 7-12 who ride buses to school. Students in grades K-6, who live beyond 2 miles, ride free by law. Revenue from these fees goes to the Transportation Revolving Account. These funds are used to offset transportation expenses and are thus shown as revenue in the district budget. State law mandates that students in grades K-6 living more than 2.0 miles from school shall receive free transportation.
- j. Revenue generated by the district's food service program is deposited into the Cafeteria Revolving Account. There is an expectation that this account contain enough funds to cover three months of operating costs
- k. The major portion of revenue results from the afterschool program run by the YMCA in our elementary schools. A smaller portion of this revenue amount is generated from the rental fees assessed to the various groups that use our facilities in the evening, on weekends, and during vacation periods.
- l. SEVIS revenue is generated by foreign students enrolled at the high school through Educatius. Students attend for one full year and pay tuition.
